Report of the Council

For the year ended 31 December 2015

The Council of Management present their report and the audited financial statements for the year ended 31 December 2015.

The financial statements comply with current statutory requirements, the memorandum and articles of association and the Statement of Recommended Practice - Accounting and Reporting by Charities (FRS 102).

Introduction

2015 was the third year of the current 2013-2016 4-year strategy for Minority Rights Group (MRG). The year saw a number of new programmes start and continued consolidation in other regional and thematic areas. Externally several factors continued to affect our work and that of our partners. Instability, conflict and authoritarian approaches by some governments to human and minority rights defenders added layers of difficulty to our work in the Middle East, Eastern Europe, South Asia and East and Central Africa.

MRG remains very grateful to all the partners who have worked with us in 2015, to the decision makers who have listened and taken points on board, to the journalists and editors who have reported news, and, last, but of course, not least, all those donors – individuals and institutions – who have provided financial support, without which none of this important work could have taken place.

Objectives, activities and achievements

MRG's objects are to educate the public, promote human rights, prevent and relieve poverty, and promote conflict resolution and reconciliation, with particular reference to the problems of minority groups around the world. MRG's assessment of the challenges faced by minorities and indigenous peoples worldwide has led it to focus on specific areas to try to achieve particular outcomes and impacts.

Public benefit

The MRG International Council has referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the charity's aims and objectives and in planning its future activities. In particular the Council considers how planned activities will contribute to the aims and objectives they have set. MRG's trustees have reviewed the charity's objects and have confirmed that they continue to meet the public benefit requirement of UK charitable law.

Contribution of volunteers and interns

MRG benefitted from the support of over 20 temporary interns who supported the work of the organisation through donating skills and time during 2015. This donated work time was very valuable to the organisation and is much appreciated.

Report of the Council

For the year ended 31 December 2015

MRG's aims are to secure the rights of minorities and indigenous peoples and to promote cooperation and understanding between communities. For the current strategic period, MRG has set the following three objectives:

1. Countering Discrimination against minorities and indigenous peoples and ensuring they benefit equitably from development.

We continued to uphold minority and indigenous rights to land where this was threatened in Kenya, Tanzania and DRC. We did this through capacity building training, para legal training, supported advocacy, research leading to reports and films and supporting legal cases to push for full implementation of existing legislation. We also worked to ensure that minority issues were included in the commitment to Leave No One Behind within the discussions leading up to the finalisation of the UN Sustainable Development Goals. We worked with partners representing communities who are among the poorest of the poor to ensure that policy makers are aware of their marginalisation and legitimate needs. We mainstreamed women's rights and in particular the double discrimination facing women within minority and indigenous communities. We also used culture as a tool to challenge and change discriminatory attitudes held by majority community members that perpetuate cycles of exclusion and poverty. This was done through grants to 7 street theatre projects that used drama to challenge and change racist attitudes affecting minority communities. We also built the capacity of the granted organisation to manage cultural projects and to work on minority rights.

2. Protecting the existence of communities under threat and those persecuted for their minority or indigenous identity.

Under this objective, we have continued and expanded our work to address the persecution of religious minority communities in the Middle East and North Africa, and have supported activists and organisations based in Egypt, Iraq, Pakistan and Russia, amongst others, to monitor and gather information on human rights abuses against members of their community and to report on these events nationally and internationally. This led to the publication of eight reports in 2015 as well as media coverage of the risks to peoples under threat worldwide. MRG supported individuals from all of these countries to attend international advocacy events and to call for accountability for continuing threats to the life, liberty and religious freedom of minorities. In particular in 2014 we reported on violations against religious minority communities in Iraq.

3. Strengthening the Voices of minorities and indigenous peoples.

This area of our work involves ensuring that the voices of minority and indigenous activists and community members are heard and understood, whether in their community, in their country or internationally. It involves work with journalists and the media (over 794 mentions of MRG or partners' work in media articles or broadcasts in 2015), through social media, and in building the capacity of partners to create effective messages and find ways to make them reach those who have influence, as well as supporting the creation of new civil society networks for those promoting minority rights. A new departure was an increased focus on multimedia messages (featuring audio, video, photos as well as text) with a new multimedia site launched. Once again, a feature of our work

Report of the Council

For the year ended 31 December 2015

during the year was to ensure that the voices of women from minority communities are heard and this was the focus of work in Mauritania, Tanzania as well as East Africa more generally.

Major achievements during the year included:

- MRG and partners have built up the Eastern Partnership Minorities Network, bringing together over 80 key rights organisations at a crucial time for minorities in Ukraine, Moldova, Belarus and the South Caucasus. The network and related MRG advocacy has secured increased engagement with relevant national authorities and a strengthened role within the EU's Eastern Partnership process.
- A major expansion of our work in Asia included a new programme on religious minorities in South Asia (Pakistan, India, Bangladesh and Sri Lanka). New programmes in the deep South of Thailand were also approved by the EU, enabling us to meet our long-term aim of re-establishing MRG's presence in the continent.
- Our programme 'Diversity, Drama and Development' in the Middle East and North Africa saw programmes of street theatre in six countries challenging discrimination, achieving audience numbers of over 14,000 for one show tour in Egypt.
- In the context of renewed violent repression of Kurdish communities in Turkey, MRG's latest report on discrimination in Turkey's education system received nationwide coverage on the TV, radio and in many national newspapers.
- The 2015 edition of the State of the World's Minorities and Indigenous Peoples was published in July, with a special focus on cities.
- MRG is now achieving a systematic level of submissions to UN human rights mechanisms on our programme countries. In the period under review this included some 11 oral statements, a further 11 written submissions and organisation of five side events before the UN Human Rights Council, UN special procedures or UN treaty bodies.

Measuring success and impact

MRG's work is primarily focused on ensuring the implementation of human rights through public education, advocacy and empowerment which are types of work widely recognised to be difficult to measure and evaluate. In particular, changes in attitude or behaviour are difficult to measure. Complex social change processes are hard to summarise in a very brief quantitative report. Nonetheless, MRG has perservered with finding ways and means of evaluating and reporting on its work and has a strong reputation among human rights organisations for evaluation and transparency of reporting.

All of MRG's major programmes are independently evaluated when they have been completed and all evaluations are available to read on our website (evaluation section). In 2015 we evaluated two closing programmes: Russia and a programme of work with minority women in Somalia. The latter report stated:

	•
	•
	ş.
	!
	İ

Report of the Council

For the year ended 31 December 2015

"[The report demonstrates that].... community awareness of minority rights and issues has increased with many minority women and supporting civil society organizations increasingly getting involved in voicing their issues and advocating for respect and access to justice. It also demonstrates that civil society networks have been established and they have been instrumental in championing minority women's rights issues at different levels of the Somalia society from the community level, to decision making level in parliament and at global level. This has been possible through the trainings, awareness creation and lobbying and advocacy interventions that were conducted at the different levels by the project. The report also demonstrates that championing minority women's rights issues has taken both local and international dimensions given the activities of local community organizations involved in advocacy and the international exposure of the local leadership at international fora on issues of minority women's rights. Lastly the report demonstrates that there has been increased awareness not only of minority women's rights but of minority group's rights issues and violations. Increased awareness and capacity to pursue the rights of minority women enabled individuals and groups to take up initiatives to voice their concerns especially on behalf of the poor and marginalized women and girls especially in the rural areas." (Overcoming Multiple Discrimination Against Somali Minority Women Project, Final Evaluation Report, by CCORD Consultants).

Structure, governance and management

MRG is a charitable company limited by guarantee and its governing document is its articles of association.

The governing body of MRG is an International Council, chaired by Gay McDougall. Membership of the Council is broadly balanced and includes members from different world regions and members of minority communities. Because of MRG's broad constituency and global remit, Council members do not represent any one particular community but rather ensure that MRG addresses minority rights needs and issues globally. Members of the charity guarantee to contribute an amount not exceeding £10 to the assets of the charity in the event of winding up. The total number of such guarantees at 31 December 2015 was 11 (2014 - 9). Members of the Council are members of the charity but this entitles them only to voting rights.

One third of Council members retire in rotation each year (but can be re-elected). Council members serve a maximum of 6 consecutive years (or 8 in the case of officers). As Council members step down, new Council members are identified who have particular skills, or who could bring relevant experience and expertise to the charity. New Council members are encouraged to visit MRG's offices for briefings with staff as part of the induction process. They are provided with relevant documents and access to information about the governance and the work of the charity.

Report of the Council

For the year ended 31 December 2015

The Council decides the organisational budget, approves the accounts, appoints the auditors and sets the strategic direction for MRG. All major new programme proposals are reviewed and agreed by the Council before they are implemented. The Council has established a sub-committee (the Finance and General Purposes Committee) which usually meets three times each year to ensure proper oversight of MRG's financial processes and procedures. The sub-committee also considers personnel, risk management and property issues. The Council and the Finance and General Purposes Committee regularly assess the risks to which the organisation is exposed. Over 20 different risk areas are assessed for likelihood and impact. Detailed information and mitigation measures are discussed and confirmed in place. The highest risks to MRG are the risk to staff and assets when travelling in countries affected by insecurity or conflict, political risks to projects in country (e.g. harassment or interference by authorities). A rising risk as MRG makes more films is that of a defamation case brought against us. The Council has assessed the major risks that could affect MRG and is satisfied that systems are in place to mitigate exposure to these risks.

Day to day management of the Charity is carried out by a Management Team of 9 senior staff led by the Executive Director who reports to the Council. MRG has two locally registered offices in Hungary and Uganda and cooperates with a number of like-minded charities to share information and achieve common goals.

Plans for future periods

A Strategic Review was undertaken in 2012 resulting in the current Strategic Plan which covers the four-year period 2013 – 2016. This centred on focusing the activities of MRG on three main objectives:

- Countering discrimination against minorities and indigenous peoples and ensuring they benefit equitably from development
- 2. Protecting the existence of communities under threat and those persecuted for their minority or indigenous identity
- 3. Strengthening the voices of minorities and indigenous peoples and their participation in public life.

Work began during the latter half of 2015 towards planning for a strategic review to take place during 2016 aiming to conclude the process by the autumn of 2016. The new strategy will then be implemented from 2017.

Financial review

During the year under review, Minority Rights Group achieved an income of £3.22m, an increase of 16.4% on income achieved in the previous year (2014). Significant and continuing financial support was received from Anna & Michael Wix Charitable Trust, Blanes Trust, CAFOD, Eleanor Rathbone, Ericson Trust, European Cultural Foundation, Freedom Fund, Garden Court Barristers Chambers, Grundvig, Lee Foundation, OHCHR, Open Society Foundation, Pilkington Trust, Swedish PostCode Lottery, Sylvia Adams Charitable Trust, T.H. Brunner Charitable Trust, UNHCR, the governments of Canada, Finland, Ireland, Norway, Sweden, Switzerland and the United Kingdom and the European Commission. In addition numerous individuals made donations towards our work. These grants and gifts are greatly appreciated by the charity.

		i.
		i .

Report of the Council

For the year ended 31 December 2015

The charity's overall expenditure in 2015 amounted to £3.08m an increase of 14% on the previous year. The operating deficit for the year on the general fund was £6,323. This was adjusted to a surplus of £5,385 after taking account of the £11,708 gains on investments.

MRG spent £138,298 on fundraising (4.5% of total expenditure) in order to raise a total income of £ 3.15 million. £91,211 of this was the cost of staff who design new pieces of work and who draft detailed fundraising proposals. MRG does not invest fundraising resources in order to generate future income (other than the staff time devoted to drafting proposals which are normally decided in less than 6 months.)

Factors affecting MRG's financial performance included exchange rate shifts (e.g. the value of some of our grants was worth less in £ sterling than was the case at the time that budgets were drawn up) and donors' tight control on management and administrative contributions and a continuing trend away from granting core funding.

Reserves policy

In order to ensure continuity of operations in case of temporary loss of funding and provide an adequate buffer to cushion the effect of temporary cash flow difficulties, MRG aims to establish a level of unrestricted reserves sufficient to cover essential core running costs for 6 months estimated at £378,753 in the 2016 budget.

Though the current reserves of £240, 042 is short of this target, the Council considers that this is sufficient to avoid an unacceptable level of disruption to the organisation in the event of a downturn in future income, and there is a reasonable expectation that the charity has adequate resources to continue in operation for the foreseeable future. As the revaluation reserve is stated separately for book-keeping purposes only, it is the Council's view that the revaluation reserves, together with the other unrestricted reserves, form the free reserves of the charity.

For the year 2016, the target level of reserve is £378,753. Management aims to gradually build up the current reserves level over the next 4 to 5 years.

The restricted reserves or fund balance was £769,184 made up of positive and negative balances carried forward on the various grants. A fund balance is positive where the grant income received is more than the amount spent up to the year end. The carried forward balances are spent on the grant activities in the following year. The fund balance is negative where the amount spent up to the yearend exceeds the income received on the grant. Any carried forward negative balances are reimbursed from subsequent payments from the donors under existing agreements in the following year.

Investment policy and performance

For the level of investment and surplus funds available to the charity, it aims to secure the maximum return possible for minimal risk and a suitable degree of liquidity. Pursuant to these objectives, the charity's surplus funds were invested in two high-rated, unit-based funds to limit risk and provide good liquidity, and all the income from investments were reinvested. The value of the charity's investment portfolio stood at £278,655 at the year end.

:

Report of the Council

For the year ended 31 December 2015

Grant making policy

Funds are provided to partners for joint activities including events, research, publications, national and international advocacy, translations, and other activities within our mandate and charitable objects. The disbursement of these funds is governed by contracts that specify the work to be carried out by the partner, their reporting requirements, deadlines for completion of work, and the disbursement schedule for tranches of funds. MRG also occasionally provides small capital grants for partners for IT equipment as a component of some of its programmes. For these grants, partners must provide a motivation for the use of the equipment, and copies of purchase invoices to verify that funds have been utilised for the intended purpose.

Statement of responsibilities of the Council of Management

The Council (who are also directors of Minority Rights Group for the purposes of company law) are responsible for preparing the Council's report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Council to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of its income and expenditure, for that period. In preparing these financial statements, the Council is required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards, including FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements;
- state whether a Statement of Recommended Practice (SORP) applies and has been followed, subject to any material departures which are explained in the financial statements
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Council is responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the Council is aware:

- · there is no relevant audit information of which the charitable company's auditors are unaware; and
- the Council has taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

Report of the Council

For the year ended 31 December 2015

The Council is responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Remuneration Policy

The governing principles of the Charity's remuneration policy are as follows:

- To ensure delivery of the Charity's objectives
- To attract and retain a motivated workforce with the skills and expertise necessary for organisational effectiveness
- That remuneration should be equitable and coherent across the organisation
- To take account of the purposes, aims and values of the Charity
- To ensure that pay levels and pay increases are appropriate in the context of the interests of our beneficiaries.

Senior Executive Remuneration

In relation to deciding remuneration for the Charity's senior executives, the Charity considers the potential impact of remuneration levels and structures of senior executives on the wider Charity workforce and will take account of the following additional principles:

- To ensure that the Charity can access the types of skills, experiences and competencies that it needs in its senior staff operating in an international environment, the specific scope of these roles in the Charity and the link to pay
- The nature of the wider employment offer made to senior employees, where pay is one part of a package that
 includes personal development, personal fulfilment and association with the public benefit delivered. The Charity
 recognises that it is, on occasion, possible to attract senior executives at a discount to rates in the public or
 private sectors.

In line with the recommendations of the NCVO Inquiry into Executive Remuneration published in April 2014, the Charity has decided to disclose the remuneration of all staff who earned more than £50,000 per annum (pro rata). This is currently the Executive Director and the Deputy Director as all other staff earned below £50,000 per annum.

Remuneration for the year ended 31 March 2015 comprised salary and pension contributions. There are no other pecuniary benefits for senior or other staff at the Charity.

Independent auditor's report

To the members of

Minority Rights Group

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS AND COUNCIL OF MINORITY RIGHTS GROUP

We have audited the financial statements of Minority Rights Group for the year ended 31 December 2015 which comprise the Group Statement of Financial Activities, the Group Summary Income and Expenditure Account, the Group and Parent Charitable Company Balance Sheets, the Group Cash Flow Statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and, in respect of the consolidated financial statements, to the charity's Council, as a body, in accordance with Chapter 3 of Part 8 of the Charities Act 2011. Our audit work has been undertaken so that we might state to the charitable company's members and Council those matters which we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to any party other than the charitable company, the charitable company's members, as a body, and the charity's Council, as a body, for our audit work, for this report, or for the opinion we have formed.

Respective responsibilities of trustees and auditor

As explained more fully in the Council's Responsibilities Statement [set out on page 9] the Council (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

We have been appointed as auditor under the Companies Act 2006 and section 151 of the Charities Act 2011 and report in accordance with those Acts. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition we read all the financial and non-financial information in the Council's Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

		:
		:
		5
		i

Independent auditor's report

To the members of

Minority Rights Group

- give a true and fair view of the state of the group's and the parent charitable company's affairs as at 31 December 2015 and of the group's incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006 and the Charities Act 2011.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Council's Annual Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 and the Charities Act 2011 require us to report to you if, in our opinion:

- the parent charitable company has not kept adequate and sufficient accounting records, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent charitable company's financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Council's remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the Council was not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies exemption in preparing the Trustees' Annual Report and from preparing a strategic report.

1

For the year ended 31 December 2015

1. Accounting policies

- a) The financial statements have been prepared under the historical cost convention as modified by the inclusion of investments at market value, and in accordance with applicable accounting standards and the Companies Act 2006. They follow the recommendations in the Statement of Recommended Practice, Accounting and Reporting by Charities (issued in January 2015). Due to the introduction of the FRS 102 SORP the Group financial statements consolidate the financial statements of the Charity and its subsidiary undertakings for the year. Minority Rights Group Europe (Hungary) is consolidated in these financial statements as a subsidiary. All financial statements are made up to 31 December 2015. All intra-group transactions, balances and unrealised gains on transactions between group entities are eliminated on consolidation. Unrealised losses are also eliminated unless the transaction provides evidence of impairment of the asset transferred. Where necessary, adjustments are made to the financial statements of the subsidiary to bring the accounting policies used into line with those used by other members of the group. For the purpose of these accounts, Uganda is treated as a branch and Hungary as a subsidiary
- b) Voluntary income is received by way of donations and gifts and is included in full in the statement of financial activities when receivable. Intangible income is recognised as an incoming resource where the provider of the service has incurred a financial cost. Volunteer time is not included in the financial statements.
- c) Grants are recognised in full in the statement of financial activities in the year in which they are received or receivable whichever is earlier. Grants paid in arrears are deemed to be receivable when the related expenditure has been incurred. Grants received in advance for a specific future accounting period are deferred until such time as they are allowed to be expended.
- d) Income received from overseas is translated at the sterling amount on the day of receipt. Costs incurred overseas are translated into sterling at the average rate of exchange for the month. Foreign funds held are translated into sterling at the rates of exchange ruling at the balance sheet date. Exchange differences are taken into account in arriving at the net incoming resources for the year.
- e) Interest and dividends are recognised when receivable.
- f) Subscriptions are included in income in the year in which they fall due.
- g) Resources expended are recognised in the period in which they are incurred. Resources expended include attributable VAT which cannot be recovered.
- h) Resources expended are allocated to the particular activity where the cost relates directly to that activity. However, the cost of overall direction and administration of each activity, comprising the salary and overhead costs of the central function, is apportioned on the basis of actual staff time attributable to each activity.
 - Amounts transferred to partners for project activities are treated as advances and only charged to project cost when proper returns are received.
- i) Cash and cash equivalents include cash at banks and in hand and short term deposits with a maturity date of three months or less.
- j) Debtors and creditors receivable or payable within one year of the reporting date are carried at their at transaction price.
 - Debtors and creditors that are receivable or payable in more than one year and not subject to a market rate of interest are measured at the present value of the expected future receipts or payment discounted at a market rate of interest.
- k) Rentals payable under operating leases, where substantially all the risks and rewards of ownership remain with the lessor, are charged to the statement of financial activities in the year in which they fall due.
- Advocacy and Project support costs comprise costs incurred in supporting advocacy and project activities which are not covered by specific restricted fund grants.
 - Other support costs comprise costs incurred in running the charity, which cannot be directly allocated to the charity's projects or fundralsing.

For the year ended 31 December 2015

1. Accounting policies (continued)

- m) The costs of raising funds relate to the costs incurred by the charitable company in raising funds for the charitable work.
- n) The charitable company operates a pension scheme on behalf of its employees. The assets of the scheme are held separately from those of the charitable company in an independently administered fund. The pension cost charge represents contributions payable under the scheme by the charitable company to the fund. The charitable company has no current liability under the scheme other than for the payment of those contributions although there is a contingent liability in respect of guarantees given by the pension fund trustee which is described more fully in note 15 to the financial statements.
- o) Restricted funds are to be used for specific purposes as laid down by the donor. Expenditure which meets these criteria is charged to the fund together with a fair allocation of management and support costs.
- p) Unrestricted funds are donations and other incoming resources receivable or generated for the objects of the charity.
- q) Designated funds are unrestricted funds earmarked by the Council of Management for particular purposes.
- r) Transfers are made from unrestricted and designated funds to restricted funds to cover shortfalls in project funding.
- s) Depreciation is calculated so as to write off the cost of fixed assets on a straight line basis over their estimated useful lives as follows:

Furniture and equipment Fixtures, fittings, plant and machinery 3 vears

duration of lease for office premises

Items of equipment are capitalised where the purchase price exceeds £250. Depreciation costs are allocated to activities on the basis of the use of the related assets in those activities. Assets are reviewed for impairment if circumstances indicate their carrying value may exceed their net realisable value and value in use.

- t) Investments held as fixed assets are revalued at mid-market value at the balance sheet date. The gain or loss for the period is taken to the statement of financial activities.
- u) The trustees have assessed whether the use of going concern is appropriate and have considered possible events or conditions that might cast significant doubt on the ability of the chariy to continue as a going concern. In particular the trustees have considered the Charity's forcasts and projections and the pressure on core income and have concluded that there is reasonable expectation that the charity has adequate resources to continue in operation for the foreseeable future.

Notes to the financial statements

For the year ended 31 December 2015

Net incoming/(outgoing) resources for the year

This is stated after charging / crediting:		
	2015	2014
	£	£
Depreciation	4,100	7,311
Council members' remuneration	-	-
Council members' expenses	3,535	20,178
Auditors' remuneration:		
■ audit	15,600	15,600
other services (donor audits)	17,700	17,700
Operating lease rentals:		
property	125,088	125,088
■ other	5,818	5,529

Council members' reimbursed expenses represent the reimbursement of travel and subsistence costs to 10 (2014: 9) members relating to attendance at meetings of the Council.

Staff costs and numbers 5.

Staff costs were as follows:

	2015 £	2014 £
Salaries and wages	664,161	649,300
Social security costs	63,995	65,398
Pension contributions	28,345	30,744
Other staff cost	9,307	8,117
Regional Office staff	135,850	190,135
	901,658	943,694

Salaries include those of 2 Key management personnel, the highest paid employees, who earned a total of £137,244 during the year (2014:£137,244). One employee earned between £70,001-£80,000 during the year (2014:1). Employer pension contributions for that employee totalled £7,895 in 2015 (2014: £7,670)

The average weekly number of employees (full-time equivalent) during the year was as follows:

	2015	2014
	No.	No.
Directors' office including fundraising	4.8	3.5
Administration and finance	4.0	4.2
Projects and project support- UK	7.4	9.0
Projects and project support- Regional Office	16.3	15.0
	32.5	31.7

Operational and management staff time is assigned to activities on the basis of time actually worked. Support staff time is assigned to activities pro rata based on the numbers of employees (full-time equivalent) working on those activities.

The total fund balance is positive where the grant income received is more than the amount spent up to the year end. The carried forward balances are spent on the grant activities in the following year. The fund balance is negative where the amount spent up to the year end exceeds the income received on the grant. The carried forward balances are reimbursed from subsequent payments from the donors in the following year.

13. Movements in funds (continued)

The total fund balance is positive where the grant income received is more than the amount spent up to the year end. The carried forward balances are spent on the grant activities in the following year. The fund balance is negative where the amount spent up to the year end exceeds the income received on the grant. The carried forward balances are reimbursed from subsequent payments from the donors in the following year.

ASIA & PACIFIC REGION

To build the capacity of selected minority and indigenous communities to undertake effective advocacy to challenge discrimination, reduce abuses of human rights and improve living standards.

EUROPE / CIS REGION

To build the capacity of minority communities in selected states to undertake effective advocacy to challenge discrimination, and improve living standards. To contribute to processes designed to reduce inter-community tensions.

STRATEGIC COMMUNICATIONS

To provide comprehensive and up-to-date information on the situation of minorities and indigenous peoples worldwide to the global media and international policy-makers, including development agencies and officials responsible for early warning and early action on situations of mass human rights abuses.

INTERNATIONAL ADVOCACY

To build the capacity of selected minority and indigenous communities worldwide to participate effectively in international fora and international legal processes to represent the needs of their communities and pressure states to make policy changes that result in improvements in the day-to-day life for minorities.

HUMAN RIGHTS IN CONFLICTS

To support monitoring and promote the human rights of vulnerable civilians in conflicts or failed state situations ('Ceasefire' activities).

Notes to the financial statements

For the year ended 31 December 2015

Operating lease commitments

14.

The charity had commitments at the year end under operating leases expiring as follows:

	Prope	Property		ent
	2015	2014	2015	2014
	£	£	£	£
1 - 2 years	125,000	125,000	3,436	1,694
2 - 5 years	250,000	375,000	7,850	11,286
	375,000	500,000	11,286	12,980

Foreign exchange

15.

Restricted fund balances held in foreign currencies at year end have been translated to UK Sterling at the exchange rate on 31 December 2015 in line with financial reporting standards. However, these funds remain in foreign currency bank accounts. The EC, one of Minority Rights Group's funders, require conversions between currencies in particular ways stipulated in contract which may result in exchange differences between the GBP value of the fund balances in Notes 12 & 13 and the actual value when these balances are spent or converted.

Contingent Liabilites

16.

Pension scheme

Contributions paid into the Growth Plan up to and including September 2001 were converted to defined amounts of pension payable from normal retirement date. From October 2001 contributions were invested in personal funds which have a capital guarantee and which are converted to pension on retirement, either within the Growth Plan or by the purchase of an annuity.

The Trustee of the plan commissions an actuarial valuation every three years to determine the funding position of the plan by comparing the assets with the past service liabilities at the valuation date and the rules of the plan give the trustee the power to require employers to pay additional contributions in order to ensure that the statutory funding objective under the Pensions Act 2004 is met.

The Scheme Actuary has prepared a funding position update as at 30 September 2015. The market value of the plan's assets compared with the plan's Technical Provisions (i.e. past service liabilities) revealed a shortfall of £206.9 million, equivalent to a funding level of 81%.

If an actuarial valuation reveals a shortfall of assets compared to liabilities, the Trustees must prepare a recovery plan setting out the steps to be taken to make up the shortfall. The proposed recovery plan requires participating employers to pay additional contributions to eliminate the scheme's deficit. Minority Rights Group began making additional contributions of £11,716 per annum, increasing by 3% each year from 1 April 2013. The additional contributions stands at £13,651 per annum from 1il 2016.

Following changes in legislation in September 2005 and November 2011, there is a potential debt on the employer that could be levied by the plan's trustee. The debt is only due in the event of the employer ceasing to participate in the plan or the plan winding up. Minority Rights Group has been notified by the Pensions Trust of the estimated employer debt on withdrawal from the plan based on the financial position of the plan as at 30 September 2015. Minority Rights Group would have been liable for an estimated share of the employer debt of £272,022 if it had left the scheme in September 2015.

In the opinion of the Council of Management, as the charity intends to continue offering membership of the plan and as they are unaware of any intention for the plan to be wound up, the debt is unlikely to crystallise in the foreseeable future.
