

# Festive Greetings

Dear H.E. Hon. Manoah Espisip,

My wish this festive season is one you could help make come true!

Please, support the Ogiek and Endorois communities in Kenya to return to, and live securely on, their ancestral lands.

There are two legal rulings that call for this, one in 2017 by the African Court on Human and Peoples' Rights (relating to Ogiek land), and another one in 2010 by the African Commission on Human and Peoples' Rights (relating to Endorois land). Neither of the two rulings have been respected nor implemented by the Government of Kenya to date.

Please, ask your government to implement these rulings, so as to allow these two communities full and free access to their ancestral lands. Doing so would enable them to protect their beautiful lakes and forests as they sustainably did for many centuries in the past.

With festive wishes,
